USE OF SOCIAL MEDIA POLICY

TENPIN BOWLING AUSTRALIA

JANUARY 2023

1. Purpose:

This policy has been developed to inform the tenpin bowling community about using social media so they can positively communicate, engage and promote the sport via social media, whilst being mindful of their responsibilities and obligations.

Social media offers the opportunity for people to interact in online communities of republished interest and create, republish or consume content. As a member based organisation, Tenpin Bowling Australia Ltd (TBA) recognises the benefits of social media as an important tool of engagement and communication for our members and associations.

TBA, its registered bowling centres, associations, leagues, members and other stakeholders are integral to the delivery, growth and development of the sport and it is important that the reputation of the sport, TBA and all its stakeholders are not negatively affected by any individual/s using social media inappropriately.

When someone identifies their association with TBA, and/or discusses their involvement with the sport on social media, they are expected to act and express themselves appropriately and in the ways that are consistent with TBA's stated values and policies.

The intent of this policy is to understand who is bound by this policy, outline some guiding principles to follow when using social media to ensure positive use of such platforms as well identifying breaches or potential breaches of this policy and subsequent actions from TBA.

2. Scope & Application of this Policy:

- 2.1** This policy applies to all persons who are involved with the activities of TBA as defined in section 2 of the Grievance, Discipline and General Member Procedures Policy (**GMPP**) that can be found on the TBA website. This policy is to be read in conjunction with the NIF Member Protection Policy (**MPP**) and GMPP to ensure that every person involved in tenpin bowling is treated with respect and dignity, and is safe and protected from negative behaviours.
- 2.2** TBA's social media policy covers posting or republishing content on social media or digital platforms that has or will negatively affect those involved with the activities of TBA (as identified in section 2 of the GMPP) as well as anything that may negatively affect TBA as an organisation and/or the reputation of the sport.

- 3.1** Due to the unique nature of tenpin bowling, the boundaries between a member's profession, volunteer time and social life can often be blurred. It is therefore essential that each member of the bowling community makes a clear distinction between what they do, think or say in their capacity as a member of the bowling community. TBA considers all members of the bowling community are its representatives and ambassadors for the sport.
- 3.2** When persons bound by this policy choose to go public with any comments or material in any way (i.e posting and sharing) on social media, they are solely responsible for such comments and materials.
- 3.3** Individuals should be aware that they can be held personally liable for any comments and material that may be deemed to be defamatory, obscene or proprietary. In essence, persons bound by this policy post comments and materials at their own risk.

3.4 Further, persons bound by this policy should at all times make it clear that any comments and materials are made in their individual capacity and that they do not represent TBA, its sponsors or any other third party.

- c.) Question the integrity of TBA, its officials, stakeholders;
- d.) Post or share material which incites negative acts towards TBA, its officials, stakeholders or the sport in general;

- g.) Post or republish any information or photos of a sensitive nature. This could include accidents, incidents, or controversial behaviour;

Remember that as a member of the bowling community you are bound by the sports values and Code of Conduct as well as Anti-Discrimination, Harassment, and Bullying as defined in the NIF Member Protection Policy. This policy also prohibits cyber bullying. Cyber-bullying involves bullying which occurs through the use of technology. Tenpin Bowling Australia will not tolerate abusive, discriminatory, intimidating or offensive statements being made online, and any conduct which constitutes cyber-bullying is prohibited and could lead to disciplinary proceedings under the GMPP or the NIF MPP;

- 4.4** Similarly, appropriate permissions must be obtained for the use of logos or images.
- 4.5** Some hosted sites may sell the right to advertise on their sites through "pop up" content which may be of a questionable nature. This type of hosted site should not be used for online forum or social pages as the nature of "popup" content cannot be controlled.

5. Breach of Policy

- 5.1** While TBA appreciates the value of social media especially with communicating, engaging and promoting the sport in a positive way, TBA also understands that from time to time this policy may be breached or in risk of being breached.
